Subject: talk about rodenticides
Date: 03/14/2012 10:05 AM

Dan, Bill, Jen, Gene: there are some changes coming to rodenticide labels that we need to discuss. I tried to find a time this week when we are all here and I could get a room, but I wasn't successful.

I would like us all to get together tomorrow, immediately after our Branch Meeting. We can either go in Lois' conference room if it's empty, or into the 21 day room if that's empty. Worse case - pile into my office.

It will be a short meeting but we do need to talk. I'll put it on calendar, there just won't be a room.

thanks,
Meredith
